

Streamline Your PrestaShop Store with Custom Links Module

This comprehensive module for PrestaShop provides a powerful set of features to enhance your store's navigation and customer experience. With the ability to create and manage custom links, you can easily direct your customers to the most relevant content and improve their overall shopping journey.

Module installation

Follow these methods:

1. Using File Structure

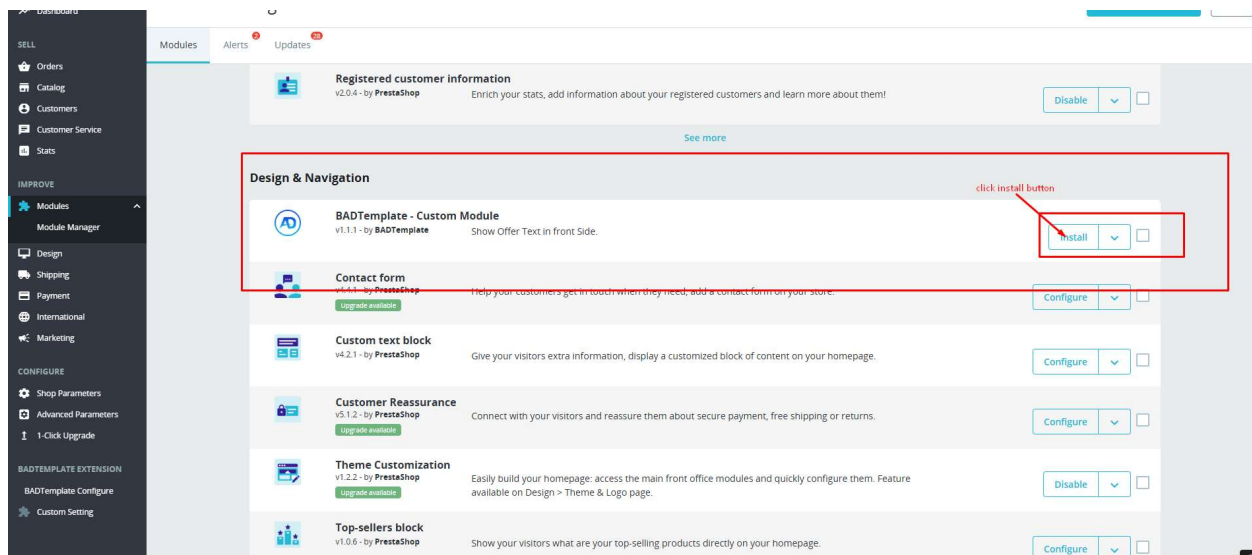

- 01.** Unzip (decompress) the module archive file
- 02.** Using your FTP software
- 03.** Place the folder in your PrestaShop /modules folder
- 04.** Connect to the BackOffice of your shop
- 05.** Go to Back Office >> Modules.

06. Locate the new module in the list, scrolling down if necessary.

07. In the row for the new module, click Install.

08. Locate the module again. If necessary, click >> Configure.

09. Once configuration is complete, be sure to test the module immediately to confirm that it functions as planned.

2. Using Back Office

01. Connect to the BackOffice of your shop

02. Go to Back Office >> Modules.

03. Click Upload Module Button

04. Add Module Zip File

05. Click Module Configure Button

06. Once configuration is complete, be sure to test the module immediately to confirm that it functions as planned

Module Configuration

Login To Your back-office and Navigate to the BADTemplate Configure > Custom Links.
